

FOR IMMEDIATE RELEASE:

Ellipse Solutions to Showcase Microsoft Dynamics® AX ERP and Wonderware MES at NPE2012

Dayton, Ohio – January 23, 2012 - Microsoft Dynamics® Partner Ellipse Solutions LLC will be demonstrating the Microsoft Dynamics AX ERP and Wonderware Manufacturing Execution Systems (MES) at the NPE2012 International Plastics Showcase in Orlando, Florida, April 1-5, 2012.

Microsoft Dynamics® AX is a comprehensive Enterprise Resource Planning (ERP) solution that delivers rich, prebuilt, industry-operational features out of the box, with proven functionality for manufacturing (process, discrete and lean), and retail, distribution, public sector and service industries.

Combined with Microsoft Dynamics AX, Wonderware MES provides a complete set of functional capabilities for consistent and effective execution of operational activities, from product track and trace, equipment/process monitoring through manufacturing execution. The application is completely scalable and configurable, enabling a unique, incremental approach to operational improvements where low-risk deployment of increased application functionality can be realized one step at a time.

"NPE2012 is the perfect forum for Ellipse Solutions to showcase the Microsoft Dynamics AX and MES application," said Ellipse Solutions Co-founder, Mikhail Roytman. "Attendees will quickly understand how these solutions can drive operational improvements and efficiencies, while increasing visibility and access to real-time data for confident decision making."

Ellipse Solutions is a global Microsoft Dynamics® AX ERP and CRM silver partner based in Dayton, OH. Ellipse Solutions specializes in business solutions, software development and implementation services for manufacturing and distribution companies. Ellipse Solutions partnered with Wonderware Endorsed System Integrator, IPACT, to deliver the MES application for Microsoft Dynamics AX. For more information, contact Ellipse Solutions at 937.312.1547 or visit www.ellipsesolutions.com.

IPACT, based out of Valparaiso, Indiana, is a Wonderware Endorsed System Integrator with extensive expertise in manufacturing applications. For more information on IPACT, visit www.ipact.com. Based out of Lake Forest, California, Invensys Wonderware is the market leader in real-time operations management software, including Wonderware MES. For more information, visit <http://global.wonderware.com>.

NPE2012 International Plastics Showcase is the world's largest plastics conference and exposition. The conference attracts more than 55,000 attendees from over 120 countries, and over 1,800 exhibitors. For more information on NPE2012, visit www.npe.org.
