

Ellipse Solutions LLC Achieves a Microsoft Silver Enterprise Resource Planning (ERP) Competency in the Microsoft Partner Network

Ellipse Solutions Earns Distinction through Demonstrated Technology Success and Customer Commitment

Dayton, OH — February 1, 2012. Ellipse Solutions LLC announced today it achieved a Silver Enterprise Resource Planning (ERP) Competency in the Microsoft Partner Network, demonstrating its ability to meet Microsoft customers' evolving needs in today's dynamic business environment. To earn a Microsoft Silver Competency, partners must complete a set of tests to prove their level of technology expertise, submit customer references and employ or contract required number of Microsoft Certified Professionals who are skilled on current technology relevant for the competency.

Ellipse Solutions LLC, a global Microsoft Dynamics® AX and Microsoft Dynamics® CRM partner, specializes in consulting services, business solutions, software development and implementation services for manufacturing and distribution companies.

"Achieving Silver Competency showcases Ellipse Solutions' expertise in today's technology market and demonstrates our knowledge of Microsoft and their products," said Ellipse Solutions Co-Founder and Partner, Gary Belot.

"By achieving a Silver Competency, partners have proven themselves as specialized technology experts with the skills needed to best serve customers," said Jon Roskill, corporate vice president, Worldwide Partner Group at Microsoft Corp. "The Silver Competency in the Microsoft Partner Network is designed to help customers identify services and solution providers that have demonstrated proof of their capability to deliver quality outcomes and customer satisfaction."

Based in Dayton, Ohio, Ellipse Solutions experience with ERP solutions dates back to the beginning of the Axapta solution, now known as Microsoft Dynamics AX. The Ellipse Solutions team of Microsoft-Certified professionals offers extensive experience in all facets of business operations. They understand their customers' business and information needs, and then apply the innovation and Microsoft Dynamics technology needed to accelerate their business results.

Microsoft Dynamics AX is a comprehensive ERP solution that delivers rich, prebuilt, industry-operational features out of the box, with proven functionality for manufacturing (process, discrete and lean), and retail, distribution, public sector and service industries.
